

BuyNow
TRAVEL HOUSE

Buynow was incorporated on September 20, 1999, as an affiliated company to Magellan Corporation. The company is dedicated to providing travel consulting services, outbound and inbound tours to both individual and corporate clients.

Buynow obtained an IATA appointment as authorized agent for all airlines on 15th June 2001. In spite of our young history, the company is branded by the experience of its individual directors and managers who are veterans in airline and travel industries in Thailand, as well as a team of knowledgeable staff who are on hand to make planning a trip efficient and enjoyable for our customers.

We work with a great number of airlines, hotels, tour operators and other leading travel suppliers, and integrate a broad range of travel products that offer the best value-for-money to our customers. Where no product exists to meet our clients' needs precisely, then we tailor-make and customize the arrangement to suit the individual requirement of our customers.

Mission Statement

“We provide consulting services and customize travel arrangements to suit our customers’ needs, and take care that they **travel with a smile**”
